ENGLAND STATES IN ONE YEAR. THE RESTORATIVE OF PROF. O. J. WOOD FOR REStoring hair perfectly and permanently, has never yet had a rival, volume after volume might be given from all parts of the world and from the most intelligent to prove that it is a perfect Restorative; but read the circular and you cannot doubt : read also the following :

SOLD IN THE

THE HAIR .- People have for centuries been afflicted with bald heads, and the only remedy, heretofore known, has been those abominable wigs. By a recent discovery of Professor Wood these articles are being fast dispensed with, but a great many persons still patronize them, because they have een so often imposed upon by Hair Tonics of different kinds. To all such persons we earnestly make the request, that they will try once again, for in Wood's Restorative there is no such thing as fail. We know of a lady who was bald, who used the article a short time, and her head is now covered completely with the tiniest and most beautiful curls imaginable. We know of numerous cases where hair was rapidly failing out which it restored in greater perfection than it ever had been before.

It is also without doubt one of the best articles for keeping the hair in good condition, making it soft and glossy, removing dandruff, and has proved itself the greatest enemy to all the ills that hair is heir to. It is the duty of every one to improve their personal apbearance, though some may differ in regard to the ways of doing it; but every one will admit that a beautiful head of hair, either in man or woman, is an object much to be desired, and there are no means that should be left untried to ob-

tain such a consideration.

Сосностом, Оню. Nov. 17, 1856. O. J. WOOD & CO .- Gents: As I have been engaged in selling your Hair Restorative the last season for one of your local agents (B. M. Hackinson,) and having experienced the beneficial effects of it myself, I would like to obtain an agency for the State of Ohio or some State in the West, should you wish to make such an arrangement, as I am convinced there is nothing equal to it in the United States, for restoring the hair. I have been engaged in the Drug business for several years, and have sold various preparations for the hair, but have found nothing that restores the secretive organs or invigorates the scalp as well as yours, being fully convinced that your restorative is what you represent it to be, I would like to engage in the sale of it, for I am satisfied it must sell. S. T. STOCKMAN.

WAYLAND, Mass., Feb. 5, 1857. PROF. O. J. WOOD & CO .- Gents: Having realized the good effects of your Hair Restorative, I wish to state, that finding my hair growing thin, as well as gray, I was induced from what I read and heard, to try the article prepared by you, to promote its growth and change its color as it was in youth, both of which it has effected completely. In the operation I have used nearly three bottles.

Yours, &c.,

The number of vessels in port awaiting cargoes have had a tendency to make the market for Common considerably firmer, and at the close we learn that \$1 15 \$310 lbs. is pretty freely offered, and but few sellers at this price. BARRELS .- The arrivals of Empty Spirits Turpentine barrels have been quite small for some weeks past, and the supply in first hands has become materially reduced. There has been a moderate enquiry throughout the week, but in consequence of the light stock the transactions have been meagre. We quote sales of a few parcels second hand ones (as they run) at \$1 70 @ \$1 75 each, cash and time ;-se lected sell at \$1 85 @ \$1 90 each.

Corrow.-The market during the week just ended has ruled quiet, and transactions have been meagre. The sales comprise only two or three small parcels on Saturday and Monday at 13 cents \$8 lb. for middling to good middlingwhich is an improvement on former rates. Since Monday no sales have been reported, except a small lot low middling (on Wednesday) at 12 cents, and at the time of closing our report the market is quiet, buyers showing no disposition to operate at above figure. The arrivals for the week have been light, and we note only a small stock on market. FISH-The market is very well stocked with Herring, and

we note very little demand. See table. FLOUR-The arrivals of State brands continue moderate, and we note a fair stock in first hands. In the absence of any except a retail demand the market rules dull, and former rates are scarcely maintained. We quote sales of only a few lots from store and wharf at \$5 50 for superfine, and \$5 621 a \$5 75 \$ bbl. for family ;—a lot of any moment would hardly bring lowest figures.

GRAIN.-The arrivals of Conn during the week have been light, though better than for some time past, but owing to the unfavorable advices from other markets, and the high prices here, dealers do not seem much disposed to operate On Monday, 3,272 bushels were received, of which 1,272 do. sold at 73 cents @ bushel, and the balance went into store. On Wednesday, 3,000 do. were received, of which 1,400 do. sold this morning at 70 cents & bushel. -- OATS .-The stock of former arrivals remaining in dealers' hands is fully fair, and we note merely a retail demand .-In the absence of receipts we are unable to give a correct quotation of the market .--- PEAS. - The arrivals for some weeks past have been confined to small lots, and the market is almost bare; none here except a few parcels in dealers'. hands. For Cow we notice an active demand at \$1 10 a \$1 20 @ bushel, as in quality. ____RICE. _In clean we have nothing new to report. There is a fair supply in store, and we note sales only in the small way to the trade at 34 a 34c. # b., as in quality. In the rough article no sales have been reported during the past week; the larger portion of the crop has been closed off, and for balance higher rates are now asked. Last sale was at 874 cents # bushel.-WHEAT .- In the early part of the week we note a sale of 2,500 bushels at \$1 122 for red, and \$1 30 per bushel for white. Advices since received have proved unfavorable, and the market closes lower. We quote nominally at \$1 05 for the former, and \$1 20 for the latter.

HAY-The arrivals of Northern have been fair for several weeks past, and the market is heavily stocked. Since our last we note the receipt of 662 bales, which changed hands at 50 a 574 cents \$\mathbb{H}\$ 100 lbs., cash and time. On Thursday, 200 bales of former receipts sold at 60 cents, 90 days. PEA NUTS-Arrive sparingly, and are in light demand .-Small sales at quotations in table, as in quality. Provisions-In the Bacon market we have no material alteration to report. The arrivals of N. C. cured have been better than for a week or two past, though the supply on market continues small, and we note a fair enquiry from dealers at our quotations. We quote sales of only 6 a 8,000 VanBokkelen. ths. at 14 cents # tb. for hog round ;—some small lots have about the mark. See table for quotations of hams. For Howell; with lumber, &c. Western cured there has been but little demand, and there is a moderate stock in ' ers' hands ;—the advices from with naval stores. abroad have somewhat strengthened the market, and appearances indicate an upward tendency in prices. VanBokkelen. supply, and sells at 121 cents # 15 .- PORK-Northern continues to rule firm under the advices from other markets;

dealers have a moderate supply in store, and we note only a light demand. See table for rates. SALT.-We have nothing new to notice in either description. The supply of Liverpool ground has become nearly all worked off in the absence of receipts, though there is but little demand. A lot of 100 sacks sold from wharf a day or two since at 80 cents per sack. Alum is in good stock, and

decidedly dull. SHINGLES-Nothing doing in Contract, and nominal at quotations in table. We note a sale since our last of 200,000 Common at \$2 \$ M., at which the market is dull.

TIMBER-The market continues to rule exceedingly dull, with a limited demand for mill purposes, and if anything prices are a shade lower. We quote sales for the week of only 12 a 14 rafts at \$4 to \$7 \$ M. as extremes. See table. FREIGHTS-Coastwise have ruled decidedly dull during the week just ended, and in the present state of the market we cannot give a correct quotation. A large number of vessels have arrived within a week or two past, and several are now awaiting cargoes. Country produce has come in sparingly, and holders of naval stores seem disposed to keep back for

lower rates. See table. EXCHANGE.—The Banks are selling Exchange on the cities north of Richmond at 2 per cent prem., on Richmond at 4, and on Charleston at 1 per cent. prem.

BLE AND GIVEN UP TO DIE. Dr. J. WILLIAMS-Dear Sir :- For fifteen years previous to 1854, I suffered so much from Dyspepsy, that I became completely prostrated, both in mind and body, and at length became so weakened I could not attend to my business, and was sinking into a decline, and it was chelieved l never could recover; the best medical aid was procured for me, and every means resorted to without any relief, till I was advised to use your "Elixir," and from the time I began taking it I gradually improved till I was completely restored to health. The dreadful sufferings I endured from Dyspepsy I cannot describe; but I am confident that without the use of your "Elixir," I should be in my grave. I assert that I solemnly believe your "Elixir" has saved me from an early death. I continue now in the enjoyment of most excellent health.
